12. If I am not mistaken this Officer has been on special duty for more than two years in connection with the preparation of a famine Code. During that time he has written an annual administration report of the famine code I have heard and seen -------- - nothing beyond the fact that when the season was causing us anxiety in August last only one or two chapters were drafted and these have never been discussed by Government. Under the circumstances he seems to me to have had plenty of time to do some work for the Police Committee without extra remuneration I shall be glad of the Dewan's views in t light of these remarks.

13. Dewan submits opinion with the proposal to [illegible] famine code [illegible]

Submitted.

14 The draft of the Famine Code has been completed (excepting the printing of Forms), and copies of it are in the hands of all the District Officers, and Heads of Departments concerned in the administration of famine. A few of these officers have given their opinions on the Draft Code.

15. I was ordered to undertake this work from the 1st July 1903, but I had to do it in addition to other duties, and with a long interval of absence on privilege leave and furlough on medical certificate.

16 I had charge of the late Petition Branch of the General and Revenue Secretariat, with special duty in connection with the enquiry into the irregularities in the Chikmagalur Hospital, from July 1903 to November 1903; I was then transferred to the Bangalore District for general duty and appointed a Magistrate of the First Class, but before I could enter on these duties on recovery from fever and acute bronchitis, I was recalled to the Secretariat and placed in charge of the Petition, Excise and Administration Report Branches which I held till March 1904, when I was permitted to avail myself of six months' leave on medical certificate. On my return from the leave in August 1904, I was deputed to do the work of the Judicial, Police, Prisons and Registration sections of the Secretariat from 21st August to 1st October 1904, to act as Secretary to the Police Committee - August 1904 to March 1905 - and to attend to the revision of the Famine Code; I was further ordered in September 1904 to take up the Administration Report for 1903-04, which work had practically to be done twice - the 1st time according to the old form and rules, and the 2nd, on receipt of the Residency communication dated the 4th February 1905, according to the new form prescribed therein, and it lasted, after the collection of materials, from January 1905 to September 1905; besides

the above, I had from time to time, to work up Secretariat files which were specially referred to me. I believe that the Secretary, who had various opportunities of judging my work has noticed it in his review of the work of the Secretariat.

× a copy of it is attached
10/1/1906

17 As regards the revision of the Famine Code - the resolution of the Government of India referred to in the order conveyed to me, having recommended the new Famine Code of the United Provinces as a model for adoption a copy of this Code was applied for on the 3rd July 1903 and received on the 3rd August 1903. A study of this showed that our Code of 1896 required not merely revision but thorough recasting or redrafting. This was reported and thereupon it was deemed expedient to ascertain what the Bombay and Madras Governments had done. Our Code of 1896 having followed that of Bombay, I wrote for a copy of the revised Code of Bombay, but it was not available as apparently the revised edition had not then been printed.

18 On the work being reentrusted to me on my return from leave, the following books were procured or received :-

1. The revised Famine Code for Native States, 1903, being a compilation of the Government of India published in 1904; with a hand-book on famine administration in Native States- on 24-10-1904.

2. Famine Relief Code, Bombay, 1904, with a hand-book on Famine Administration, on 5-1-1905.

3. Madras Famine Code, 1904, with a manual of Famine Administration, on 9-2-1905.

These, as received, were submitted to the Dewan Saheb, who was pleased to grant me several audiences at which the hand-books were gone through, instructions given and the earlier chapters of the draft revised. The work has been passing through the Press since 21st August 1905 and, as submitted above, it is in the hands of District and

other officers.

19 My real work with the Draft Famine Code thus began in about November 1904; and both before and after its commencement, I had other work to attend to.

20 I beg to submit for favour of inspection -

Sent herewith on 9.1.06.

(1) The Draft Famine Code with Appendices I to VI.

(2) Memorandum on the system of Police in Mysore.

1. The office of the Gen.& Rev.Secretariat which is termed "Central office of Administration", was taken over with an arrear of 585 on the 1st of July 1904 when the new system of working under the Office Manual was started. The receipts during the year, in all the branches, amounted to *32,830. Thus the total quantity of work to be done during the year came up to ,415. The quantity disposed of during the year was 33,371, leaving a balance, at the close of the year of 44. Of this balance of 44, 42 are council committee cases and therefore actually 2 cases remained undealt with by the office — one on account of want of references and another owing to its having been sent for by the Dewan Saheb's P.E. and returned at 5 P.M. on the last day of the year.

2. It need hardly be stated that the whole office from the Supt. downwards must have worked very hard to achieve this result.

3. All the Sectt:Officers were ever ready and willing to do any bidding and rendered all the help wanted ungrudgingly. But for their very loyal help the present (may I say) creditable result could not have been shown. The very high order of intelligence of the Dy.Secy.Mr.Chandrasekharam Iyer, the perseverance and knowledge of Mr.D'Souza (Asst Secy.), the vast experience of Mr.Ramiah (Asst Secy), the intimate acquaintance of Asst:Secretaries Messrs.Krishna Rao and Satyaraj Chetty with their technical Financial Branch, the strict discipline of Mr.Narsinga Rao (the Registrar), and the indefatigable laboriousness and thoroughness of Mr. Ramaswami Iyengar (Asst.Secy), were all of the utmost advantage; and one cannot but feel the utility of such a happy combination.

4. I therefore humbly recommend that the authorised annual increment be given to all. To most of them it became due on the 1st July 05. But to some it accrues a few months later on. But in view of the very hard work done by them I crave that they may also be given their increments from the 1st July 05, so that all from the Dy.Secy.downwards, may get the sanctioned periodical increments from the same date, viz, the 1st day of the year.

5. Not only the quantity of work turned out was satisfactory, but its quality was also (I humbly think) praiseworthy, inasmuch as scarcely one per cent of the files submitted was returned as having been inadequately dealt with or insufficiently referenced.

6. Submitted to the Dewan Saheb for favorable consideration with a statement shewing statistics.

27. What Mr Ramaswamy Iyengar states is quite true. He is an officer who is industrious and does all the work entrusted to him thoroughly and is an intelligent man, both on account of his own worth, and of the weight of the recommendation of the Committee I solicit the favourable sanction of His Highness — The Police Report is more than ordinary and is the result of much research and industry. There are precedents for the grant of such bonus on account of the superior quality of the work turned out.

Sir,

In continuation of our Report on the draft Police Regulation which was sent to you on the 23rd March 1905, We have the pleasure to bring to the notice of Government the valuable services rendered by Mr.Ramaswamiengar as Secretary of our Committee. Besides collecting all books and references required for consultation and carrying on the correspondence of the Committee, he made careful abstracts of the discussions of the Committee on all important questions and kept up the Journal of work done by us; he prepared at our desire a historical review of the Police System in Mysore, and collected, in a lucid synopsis, the arguments advanced for and against the present system, by the officers and others consulted on the subject of the Police powers of Deputy Commissioners and Amildars; and he was of invaluable help in the preparation of the President's Note and the Report of the Committee.He worked ungrudgingly

and

and assiduously and was thorough and unobtrusive. We would commend for the particular notice of Government the Historical Review of the Mysore Police System up to 1892 which he prepared after much research and personal trouble and got printed for our use.

2. We wish to add that in our opinion, Mr.Ramaswamiengar has well earned an honorarium and we recommend for the favourable consideration of Government that a sum of Rs.500 may be granted to him.

We have the honor to be,
